

# ***Journey to CALM***

This journal is designed to help you navigate  
& find calm even through life's chaos!

By Laura from The Awesome Printables

## ***Hey there!***

I'm Laura & the name behind The Awesome Printables.  
I am healthily obsessed with creating printables from self  
care, personal development, mental wellness, to kids'  
worksheets and even beautiful wall art for your home.

This journal was created to help you find calm whenever  
chaos ensues.

It was inspired from my experience of trying to juggle life  
& not really being successful - until I discovered that  
creating calm had to be a priority if I wanted to stay sane!

I know it will be useful if you want to lead a life that is not  
so overwhelming & stressful.

# ***I'M SO PROUD OF YOU!***

In a world full of stressors and distractions, it's more important than ever to try to find some calm. It can also be more difficult than it has ever been before. There are so many obligations on our plates, and we're often being pulled in multiple directions every day. However, creating calm truly is within your power.

All that's needed to make it happen is a positive mindset, along with some knowledge and resources that you already have at your disposal. Learning to remove physical clutter from your surroundings can be the first step. After that, getting rid of the mental clutter that's taking up space in your mind becomes a bit easier.

# ***Your journey to calm starts here***

Discovering new habits like creating a minimalist wardrobe, incorporating exercise into your day, giving up multitasking, and creating a morning routine can also go a long way toward helping you to find serenity.

Taking time to read the inspirational quotes in this journal and writing down your thoughts can be a part of that morning routine.

I'm so excited you're willing to give it a try!

Enjoy the process.
